

## CITY COMMISSION SETS TAX RATE AT \$2.50; UP 10 CENTS

BUDGET ADOPTED TUESDAY LEAVES ESTIMATED DEFICIT OF \$16,686.90

An ordinance establishing a \$2.50 tax rate on \$100 property valuation was passed on first reading and the annual budget for the year was adopted at a regular meeting of the City Commission Tuesday afternoon in the city court room. The present tax rate is \$2.40.

Broken down the tax goes as follows: schools, .85c; general, .20c; streets, .10c; library, .05c; sewer, .10c; interest in sinking fund, .15c.

Mayor John C. Calhoun previously had asked the board of education to request only .75c of the city tax levy, but W. P. McCammon, board president, wrote in reply: "It will be necessary that we have the full .85c, together with the other increases from the state available fund, to take care of the situation as it comes to us."

**Deficit In Budget**  
The budget, as adopted by the commission, estimates receipts at \$219,527.50 and disbursements at \$236,214.40, leaving an estimated deficit of \$16,686.90.

"We are budgeting more money than our estimated income," Mayor Calhoun pointed out. "In doing this, we do not violate a state law because we have sufficient bank balance on hand to take care of the deficit. And we hope, of course, that we can save enough as we go along to balance the budget. I trust that each commissioner will not spend money unless absolutely necessary."

**Seek Annexation**  
A petition seeking annexation to the city and signed by 100 persons living in a fringe east of the city limits was considered, and the city engineer was authorized to make a survey of the area involved before action is taken. (The area involved is about four blocks by eight blocks, extending from the Cotton Belt to the prisoner of war camp).

A man paid a \$1 fine for over-time parking at a meter.

## Atomic Bombs Dropped On Two Cities Killed Thousands Japs Admit

By The Associated Press  
The Tokyo radio said today the latest checkup on damage done by atomic bombs dropped on Hiroshima and Nagasaki showed that 180,000 persons were killed, injured or made homeless in the two Japanese cities.

The broadcast, recorded in New York by the Associated Press, said the bomb which fell on Hiroshima on Aug. 6 killed or injured 100,000 persons and left 200,000 homeless. The bomb which hit Nagasaki on Aug. 9 left 120,000 casualties, the radio report said.

The broadcast said "furthermore many persons are dying daily from burns sustained during the course of the raids. Since the raid on Hiroshima took place during working hours in the morning and the atomic bomb hit the central part of the city, casualties were tremendous, with more than 60,000 killed according to latest figures available."

"The number of dead is mounting, as many of those who received burns cannot survive their wounds because of the uncertainty effects the atomic bomb produced on the human body. Even those who received minor burns looked quite healthy at first only to weaken after a few days from some unknown reason and frequently died."

"Since the explosion of the atomic bomb affected an area of 20 kilometers in diameter and practically all houses in this area were either blown up, knocked down or reduced by fire, it is difficult to count all of the bodies, many of which are buried under collapsed buildings. The sight of women and children wounded by the explosion defies description."

The explosion of the atomic bomb apparently continues to build up increased pressure after the first impact of the explosion, Sukezo Torii, Japanese defense headquarters technician, said today in a report on a detailed study of the first atomic explosion at Nagasaki.

Torii noted that persons who witnessed the "monstrous spectacle" said they actually saw ripples circulate from the explosion and that the explosive pressure felt for a considerable period.

### PRECAUTIONS AGAINST POLIO: 2 KEEP FLIES AWAY FROM FOOD

By ROLAND H. BERG  
Written Exclusively for AP Newsfeatures.

"Keep flies away from food," is one of the important precautions urged by the National Foundation for Infantile Paralysis during this summer's epidemic of the disease.

Scientists have determined on occasions the presence of the infecting virus in flies. In the Western Reserve University were some of the famous flycatchers who had proved that flies could carry the virus. But merely finding that flies can carry the agent of the disease is not enough. Proof must be had that the infected flies actually take part in transmitting the disease to people.

At the start of the epidemic of infantile paralysis which struck Catawba county, North Carolina last summer, the National Foundation for Infantile Paralysis asked Doctors Robert Ward, Joseph Melnick and Dorothy Horstmann, of Yale Poliomyelitis Study Unit to go into the epidemic area.

These three epidemiologists—the Hawkshaw of the medical world—placed some sliced bananas in a home where a young child had been taken ill with infantile paralysis. For two days the bananas remained on the kitchen table with flies settling on the fruit. The investigators then sent the contaminated bananas to the laboratory at Yale.

At Yale, the doctors discovered that the bacteria from the contaminated bananas were found with infantile paralysis virus. This scientific study made possible for the National Foundation for Infantile Paralysis shows that virus-infected flies can deposit the virus on food and thus produce infantile paralysis.

**CONSIDER BIDS FOR IMPROVEMENTS OF HIGHWAY 75**  
AUSTIN, Aug. 22.—(AP)—The highway department has under consideration the following low bids on projects by counties:

Rusk—Grading and structures from 3.5 miles south of Henderson to Mt. Enterprise on State 25, E. W. Hable and Sons, Corsicana, \$420,904.

Ellis and Navarro—Asphalt underlayment for concrete on U. S. 75 in sections from Brushy Creek to Dallas county line, from Ennis to Brushy Creek, from Navarro county line to Ennis and from Chambers Creek to two miles north, Wallace and Bowden, Dallas, \$469,999.

Margarine was first made by a French chemist in 1870.

**MEET IN CALCUTTA**—Pvt. Jim Campbell, 22 (left), son of Mrs. Guttrude Campbell, 800 South Nineteenth street, and Pfc. Leonard Odum, 21, son of Mr. and Mrs. R. L. Odum, Corsicana route four, recently met in Calcutta where they spent a short furlough together. Campbell has been stationed in India for 22 months, and Odum has been in Burma for 23 months. Both are in the U. S. Army Air Forces and are graduates of the Corsicana high school.

## Commendation Is Received By Corsicana Man

**TWENTIETH AIR FORCE HEADQUARTERS, Guam**—For the part they played in the historic attacks on Japan during an all out offensive, Private First Class Delmar Vest, of Corsicana, Texas, and other enlisted men at B-29 bases in the Marianas have been commended by the Commanding General of the Twentieth Air Force.

Private Vest is a vehicle operator with the ground echelon supporting the almost daily Superfort assaults against the Japanese mainland.

"Your determination, skill and courage have delivered a stunning blow to the empire of the Rising Sun," the General said. "Combat crews and the hard-working maintenance and staff people are to be heartily commended for their accomplishments in these historic operations."

Throughout the period of sustained bombing attacks, Private Vest and the ground staff worked night and day, virtually without rest, to keep the Army bombers in the air and striking at the enemy.

Private Vest's wife, Mrs. Delmar Vest, lives in Barry, Texas. Prior to the time of his entry into the army in January, 1943 he was employed by W. T. Collins of Corsicana.

Present day Northern Ireland was once part of the ancient Kingdom of Ulster.

## Had Lessons With Flower Stylist On Corsage Designing

Mrs. Celesta Pearson was in Temple last week end to visit friends, and had the privilege of special lessons on corsages with Horace Head, nationally known flower stylist, who was spending some time in Temple. Highlighting the lessons were the newest tricks on corsage designing that will be taught at the coming Chicago convention.

**Dr. H**

## MRS. J. M. BRADLEY OF RICE DIED IN LOCAL HOSPITAL

Mrs. J. M. Bradley, aged 60 years of Rice died in the Navarro Clinic Wednesday night.

Funeral services will be held from the Methodist church in Rice Friday morning at 10:30 o'clock. Burial will be in the Rice cemetery. The rites will be conducted by Rev. Marvin C. Bledsoe, pastor of the church, and Rev. W. E. Nunn, pastor of the Rice Baptist church. The widow of the late John Moore Bradley, Rice leader and prominent Navarro countyman, Mrs. Bradley had resided at Rice 54 years.

Surviving are two sons, J. Kessler Bradley, Rice, and Alton Bradley, Tyler; four grandchildren, Paulette, on August 12 at Navarro Clinic. Grandparents are Mr. and Mrs. I. J. Abritton of Dufkin and Mr. and Mrs. J. B. Harris of Richland.

### NEW ELECTRIC MOTORS IN STOCK

Sold for replacement purposes, or farm use only. We Service and Repair All Makes and Sizes of Electric Motors.

VEAL ELECTRIC CO.  
Phone 2831 Corsicana, Texas.

### Notice College Students

All students who are planning to attend colleges or universities this Fall are asked to mail their names, the name of their school, and the entrance date to Mrs. Lyane Worham, Society Editor, this week in order that a complete list of local college students may be published in the Daily Sun next week.

### NEW HIGH SCHOOL STUDENTS SHOULD REPORT EARLY DAY

Students who have moved to Corsicana during the summer months and who expect to attend Corsicana High School this fall should report to the high school office as soon as possible, according to R. A. Armistead, principal. They should have with them their report card and any other information that will help in their classification. This also applies to any former student who expects to reenter school this fall and to students who are transferring to Corsicana High School from other high schools in the county for the first time. It does not apply to spring graduates of Corsicana Junior High School.

Individual schedules for high school students will be made the first week in September, according to Armistead.

### Hot Radiators

A hot radiator keeps your motor from performing as it should. We clean out all makes and models to make them run cool.

A. M. DONOHUE & SON  
221 W. 7th Ave. Phone 186  
If it's the radiator, we can fix it.

## NEW EDITION OF TEXAS ALMANAC IS OFFERED PUBLIC

The new Texas Almanac is off the press, the 1945-46 edition being commemorative of the Centennial of Texas Statehood. Although print paper is still alarmingly scarce, the fact that the new book contains 603 pages—the largest in history—is considered adequate proof of its value to the public. In harmony with its dedication, a considerable portion of the book is devoted to historical matter. There is a revised history of Texas, from Cabeza de Vaca to Coke R. Stevenson, and there are additional chapters on events and places of historic interest, including an extensive current account of Texas' participation in World War II. As usual, data and statistics on rainfall, crops, mineral deposits, farm demonstration, railroad mileage, rosters of state and county officials, Mayors and City Managers, 1940 and 1944, are included.

In view of the postwar program of economic development, special attention is given to Texas manufacturing industries between 1940 and 1944, and any volume of production more than doubled. There is full treatment also of Texas minerals, of which more than 60 kinds were produced last year for a total value of more than a billion dollars—the greatest value of mineral production of any single state in the nation. Included also are late developments in soil and water conservation, telling of the construction of such new projects as Lake Texoma, near Denison, one of the largest reservoirs in America.

### Number Army Units To Arrive Thursday

By The Associated Press  
The following army units are scheduled to arrive in the United States today (Thursday) from Europe:

At New York—(Aboard Costa Rica Victory) 1,923 troops including headquarters and Third battalion, 515th Parachute Infantry Regiment and Headquarters 13th Airborne Division; 713th Airborne Ordnance Maintenance Company. (Aboard Peter Minuit) 735 troops, mostly for rotation or discharge. (Aboard Sea Serpent) 15 troops, all casual.

### Service

Starting, Lighting, Ignition, Battery Service, Fuel Pumps, Carburetors, Generators, Starters, Ignition, Radiator repairs.

HEROD, RADIATOR AND ELECTRIC

## IMPORTANT NOTICE TO ALL ELECTION OFFICIALS!

Immediately upon the completion of the count of your box please phone (collect) results to the Corsicana Daily Sun.

The Sun will attempt to give complete county totals the night of the election. This will be impossible without your box.

Just tell the operator to connect you with the Daily Sun, Corsicana, (Collect).

The law requires your returns to be phoned in immediately after the polls are closed and the count completed and imposes a stiff penalty on the election judge neglecting to do this.

This is very important and your co-operation will be greatly appreciated.  
L. L. POWELL, County Judge.

## POSTHUMOUS AWARD IS ANNOUNCED FOR PFC. C. B. GARCIA

Following is citation recently awarded posthumously to Private First Class Candelero B. Garcia, an engineer soldier, whose mother, Mrs. Louella B. Garcia, resides at 1519 East Sixth Avenue, Corsicana, Texas. The Silver Star was awarded him for gallantry in action on December 10, 1944.

During an engagement with the enemy, Pfc. Garcia, with two companions, volunteered to breach a pillbox which was impeding the advance of the company. After reaching the objective, he placed his first charge against the entrance.

The noise of the ensuing detonation attracted fire from adjacent pillboxes and mortar and artillery positions. When his second charge was ineffective, Pfc. Garcia traversed fire-swept areas, obtained additional explosives and returned in an attempt to place a third charge.

When only a few feet from the fortification, he was mortally wounded by machine gun fire. His gallant attempt to destroy the enemy, even at the cost of his own life, inspired his comrades to successfully complete the mission and was in accordance with high military tradition.

### That Radiator

Get your radiator ready for the hot weather. We are prepared to re-core, clean and repair all makes of radiators. Years of experience. Fast service, reasonable prices. Electric and acetylene welding.

## QUISLING CHARGED BEING RESPONSIBLE DEATH 1,000 JEWS

OSLO, Norway, Aug. 23.—(AP)—A pale Jewish doctor still bearing the marks of a German concentration camp told today that of nearly 1,000 Norwegian Jews sent to Poland, only 12 were known to have survived.

Quisling, Germany's puppet accused of treason, is charged with the murder of nearly 1,000 Jews on the grounds of responsibility for the deportation.

Dr. George Eichinger, a German-born Jew sent to a German concentration camp, said only 600 of Norway's 1,600 Jews escaped the German dragnet and the average durability of men sent to the Auschwitz camp in Poland was only one month. Out of 267 in the group in which he was deported, 140 were sent to gas chambers immediately and killed, he declared.

Another state's witness today said Quisling in 1925, when he was a captain in the Norwegian army, offered to spy on the Norwegian general staff and organize a Red guard.

Quisling, pale and agitated, insisted he never had heard of the German gas chambers, and also denied a state accusation that he had embezzled government funds.

Testifying on the fourth day of his trial on charges of high treason, Quisling told the court that by payments to the Germans he was able to keep 260,000,000 kroner from getting into their hands.

(The Krone was valued at 45 cents before the war.) A salary of 1,000,000 for himself and several millions for 40 guards at his estate, he said, should be considered just a sum to cover expenses in his duties as leader of the state.

After prosecutor Annaeus Schjoed had completed his questioning on the embezzlement count, the first state witnesses entered the court and were instructed by presiding judge Erik Soler. These included about 60 Norwegians, 20 of them Quisling adherents and under arrest, and several German officers.

One witness testified that Quisling talked Adolf Hitler into invading Norway and that Hitler felt grateful to Quisling for the initial success of the venture.

This witness, a German closely attached to Gauleiter Josef Terboven, said Terboven was so disgusted with Quisling and Quisling's influence with Hitler that he often expressed a desire to take over the job of running England after the planned invasion of that country in 1940.

## SURRENDER

CONTINUED FROM FIRST PAGE  
leaves of an officially estimated 32,000 prisoners of war, detailed in Nippon.

Approximately 100 American Red Cross workers are attached to the initial landing force.

Halsey's fleet conducted a big air show within a few hours steaming time of Japan yesterday. More than 1,000 carrier planes from the U. S. and British fleets participated.

Japan's Domei agency—which has broadcast most of the occupation news hours or days ahead of MacArthur's announcements—said the initial occupation force would be 50,000 to 60,000.

Great Aerial Operation  
On Okinawa, 750 miles from Tokyo, 2,950 American fliers were prepared for the greatest aerial operation of the war—the landing of thousands of occupation troops on Atsugi's airfield, only 20 miles from Tokyo.

Hundreds of C-54 transports, B-24 Liberators equipped to ferry soldiers, and other large troop carriers were readied for Tuesday's flight. Every C-54 and B-24 not urgently needed elsewhere in the Pacific was sent there for the giant aerial armada.

All occupation troops will be fully equipped for combat, as a precaution, whereas Japanese Gen-darmes who will police the occupation area must be stripped to skin.

## Occupation Rules Announced By Japs

By The Associated Press.  
Rules by which the Japanese people will remain "unperturbed" and calm when for the first time in their history occupation forces land on the home islands next week, and under which they will greet their conquerors, were laid down today by the Japanese home ministry's police bureau.

The Japanese Domei news agency in a broadcast recorded by the BBC said the rules of conduct included:

(1) Occupation will be carried out peacefully with no violence. Hence the people must refrain from causing "unnecessary confusion."

(2) The people must remain calm and not move about while Japanese forces are being withdrawn so as not to hamper the movement.

Rules of conduct after occupation included:

(1) The people should "refrain from individually approaching the occupation troops. However, when

approached by a member of the occupation troops the people should display courtesy and the proper attitude."

To prevent misunderstanding through difference of language, it was suggested that all neighborhood associations and villages be equipped with English speaking persons.

Okhawa Is Ready.  
OKINAWA, Aug. 23.—(AP)—Plane covered Okinawa is ready to pour a flood of airborne occupation forces into Japan at any desired moment. The basic reason why that moment has been delayed until next Tuesday cannot be disclosed—but it can be said that safety of the occupation forces is a prime consideration with General MacArthur.

Literally hundreds of big transport planes are poised for the northward flight—and all will be fully alert as they near the surrendered empire. Fighters will escort the transports; troops making the landings will be fully armed and as heavily equipped as though making a wartime invasion.

Officers here have acknowledged the possibility that the occupation forces may encounter certain hostile elements, at least at the beginning of the occupation.

## DINING CAR RACKET BEEN SMASHED WITH ARREST 118 EMPLOYES

NEW YORK, Aug. 23.—(AP)—A \$100,000 a year dining car racket—with servicemen, elderly women and inexperienced travelers as dupes—was smashed today, the FBI said, with the arrest of 118 railroad employees in four cities.

The scheme was based on manipulation of civilians' food and liquor checks, kiting government meal tickets used by the armed forces and stretching portions, the FBI disclosed.

All those taken into custody were stewards, waiters or cooks employed by the New York Central and the Erie railroads on several of their best trains, E. E. Conroy special agent in charge of the New York FBI office, said.

The racket, he said, cost the railroads as much as \$600 on a single trip of a passenger train.

Conroy said these three methods of manipulating food checks were used:

Waiters would take a food order orally and then fail to submit a written check. This method was used principally on elderly persons and inexperienced travelers.

Waiters would leave blank food order checks on tables, face down under a water pitcher and not supply a pencil. This would discourage a diner from writing out an order. When the meal was ended, the waiter would make a pretense of writing out the order and pocketing the money.

Waiters would present a used food check, already paid by another passenger. The food order would be taken orally. When the time came for payment, a check previously used to purchase an identical meal was presented for payment.

Government meal tickets, issued to servicemen, also were used by the stewards to cover their activities, Conroy said, giving this sample:

"When a serviceman presented a government order the waiter or steward would make it out for the highest priced meal even though the sailor or soldier had the least

SENDS PICTURE TO LIBERATED HUSBAND—Mrs. Jonathan M. Wainwright of Skaneateles, N. Y., wrote this message on a picture of herself for the Syracuse Herald-Journal so the picture could be sent by OWI Radiophoto facilities to Chungking for delivery to her liberated husband. (AP Wirephoto)

other passenger. The food order would be taken orally. When the time came for payment, a check previously used to purchase an identical meal was presented for payment.

Evidence of the scope of the activities of the train crews, Conroy said, was obtained by FBI agents who worked as stewards with the crews.

## BRITISH

(CONTINUED FROM FIRST PAGE)  
been reached for the Chinese to occupy Hong Kong.

French Plan Take Over.  
PARIS, Aug. 23.—(AP)—France is planning to take over French Indo China when it is liberated from the Japanese despite reports from Chungking that the surrender plans call for Chinese and British occupation.

"We are definitely taking over," an attaché at Gen. De Gaulle's office said last night.

A Chungking dispatch yesterday said Chinese surrender terms specified that the Chinese would occupy northern Indo-China, which includes its capital of Hanoi.

In London, a British foreign office commentator said yesterday the southern half would be taken over by British troops.

LUZON  
CONTINUED FROM FIRST PAGE  
alone three days ago to meet a captain from Kobayashi's staff and arrange for yesterday's surrender conference.

The party picked up numerous Japanese prisoners along the trail as they drove home from the surrender conference. One hitch-hiking Japanese said he had 20 compatriots who wanted to surrender.

"We're full up now, you'll have to wait for next time," the Yanks shouted.

## LAND TRANSFER IS INVOLVED SPECIAL ELECTION SATURDAY

Transfer of 2385 acres of Navarro county now east of Trinity river in Henderson county is involved in one of the special elections scheduled Saturday, Aug. 25, in Navarro county. The Trinity forms the natural boundary between Navarro and Henderson counties, but with the construction several years ago of the new channel of the river south of Trinity by a levee district, it left the above number of acres across the new channel.

This resulted because the county line did not change with the new course of the river, according to a statement issued by L. B. Dawson, attorney representing interested property owners.

According to Dawson, this strip of 2385 acres is now inaccessible to Navarro county without going through a part of Henderson county as there are no bridges across the Trinity at that point. This makes the land in question, Dawson affirms, virtually a "no-man's land," as Navarro county

IN PHILIPPINES—Pfc. Cleo Barry, 26, U. S. Army infantry, is now serving in the Philippines, according to information received by his wife, Mrs. Geneva Berry and little son, Gene Berry, Corsicana. He attended Mildred high school and entered the service November 3, 1941, going overseas in May. He is the son of Mr. and Mrs. Emmett Berry, Eureka.

can hardly afford to go across the river and do anything for it, while at the same time Henderson county cannot build or repair roads because it is a part of Navarro county.

In the event this land is transferred to Henderson county it will remain charged with its proportionate part of the Navarro county debt, and at the same time Navarro county will not be obligated to provide for it in any way," according to Dawson's statement.

The effect of the transferring of this strip to Henderson county, Dawson pointed out, will be to establish the Trinity river as the natural boundary between the two counties at this point, just as it is for all the rest of the way.

### Plans Outlined For Grand Encampment

Plans for the Grand Encampment, IOOF, here Oct. 21-22-23, were discussed and outlined at a meeting of the general arrangements committee of Navarro Encampment No. 44 and Canton M. D. Herling No. 8 and the Ladies Auxiliary here Wednesday night.

E. N. Pasley, Dallas grand patriarch, and H. H. Lummus, Ennis grand scribe, met with the local committees relative to the program and order of business.

The Grand Encampment, Ladies Auxiliary and Canton annual meetings will be held here on those

## COMMON HOUSEFLY HELPS CAUSE DEATH HUNDREDS CHILDREN

AUSTIN, Aug. 23.—(Spl.)—Millions of flies help to cause the illness and death of thousands of children and adults each year in the United States. Hundreds of these casualties may be in the state of Texas this year if residents fail in their responsibility for developing the best possible sanitation measures in the area where they reside. Typhoid fever, summer complaint, and other intestinal diseases can be traced to the common housefly as the carrier of infection.

Dr. Geo. W. Cox, state health officer, speaking in this connection recently said: "Be sure that your windows and doors are tightly screened so that stray flies from a careless neighbor will not endanger your family. Be sure that flies are kept away from food, drink and utensils used in the preparation of food. Make sure, if you live in rural districts that outside privy vaults are tightly covered so as not to permit the entrance of flies. Infections from this source can be picked up and spread to human beings through contact with food, drink, and utensils. Keep all garbage covered and unflashed or buried. Eliminate all breeding places for flies and you will be helping your community in its work of controlling communicable diseases and preventing unnecessary illness."

Dr. Cox said that the state health department would furnish upon request a pamphlet outlining safe and practical methods recommended for us in fly control.

There are 46 active Encampments, 22 Cantons and 16 Auxiliaries.

### Precautions Against Polio: 4

## Wash Hands Before Meals

By ROLAND H. BERG  
Written Exclusively for AP  
Newsfeatures.

"Pay careful attention to personal cleanliness such as thorough hand washing before eating," warns the National Foundation for Infantile Paralysis in its lists of precautions against serious attacks of the disease.

Research indicates the organism can enter the body through the mouth. Previous research disclosed infantile paralysis virus could be found in the bowels and elimination of many patients. What was not known was how long the virus could be excreted from the human body and whether there might be chronic carriers of the disease.

Three scientists from Yale University, Doctors Robert Ward, Joseph L. Melnick and Dorothy M. Horstmann, tackled this problem. Stool specimens from 61 patients were prepared and inoculated into monkeys. If the monkeys developed infantile paralysis after injection it meant that the virus was still present in the patient's body. After six months of experiments made possible by the financial support of

the National Foundation, the scientists reported that many patients continued to excrete virus from their bodies for as long as two months.

Other scientists demonstrated that virus was excreted in the stools of persons who had merely been in contact with patients and had no symptoms themselves. They estimated that for every person actually ill with the disease there might be ten or more healthy contacts who, despite the lack of symptoms, had the infantile paralysis virus in their bodies and were capable of spreading infection.

At the Poliovirus Research Center established by the National Foundation for Infantile Paralysis at Johns Hopkins University, investigators determined that the virus was frequently present in the throat discharges of patients. Doctors Kenneth P. Maxcy, Howard A. Howe, Herbert A. Wenner and David Rodian rubbed cotton swabs against tonsillar areas of polio patients. The material from these swabs produced infantile paralysis in monkeys.

The virus may pass from one person to another in droplets of throat secretions loosed in the air by coughing, sneezing and spitting of polio victims. Contamination of food, drink, objects and hands with the intestinal eliminations not only from those frankly sick with infantile paralysis but also from the many persons without signs of illness may be the means of spreading infection.

## FUNERAL SERVICES FOR WALTER SMITH ARE HELD THURSDAY

Funeral services for Walter R. Smith, aged 65, who died at his home Tuesday night with a heart attack were held Thursday afternoon at 3:30 o'clock from the Rice Methodist church. The rites were conducted by Rev. Marvin C. Bledsoe, pastor of the church. Burial was in the Rice cemetery. The Masons had charge of the services at the grave.

A native of Mississippi, Smith came to Dawson with his family in 1896 and had resided at Rice about 43 years. He was connected with Fortson Brothers for many years and was the first ticket agent of the interurban at Rice. For the past several years Smith has been deputy assessor and collector of taxes for Navarro county and was at his desk at the courthouse Tuesday. A physician from Corsicana was summoned when he

became ill Tuesday evening, but death resulted before the arrival of medical aid. Smith was a member of the Idée Masonic Lodge and the Scottish Rite in Dallas. He was a Methodist.

Surviving are his wife of Rice; two sons, William Bartlett Smith, Houston, and Hugh Smith, Ranger; two daughters, Mrs. Ben Easterling, Chatfield, and Mrs. A. L. Shelton, Berger; five grandchildren, mother, Mrs. W. W. Smith, Dawson; three brothers, W. H. Smith, New Orleans; Earl Smith, Dawson, and J. Floyd Smith, Corsicana; five sisters, Mrs. Clint Pitts, Mrs. O. B. Dean, Mrs. R. M. Shull, Mrs. Guy Davis and Mrs. W. Y. Cannon, all of Dawson, and other relatives. The office of assessor and collector of taxes at the courthouse was closed Thursday afternoon.

and other offices closed at 2:30 o'clock Thursday afternoon. McCammon Funeral Home directed.

## Edgar A. Guest

**VACATION TIME**

Away the four and captive air  
To where the breeze is sweet and  
fair.  
Away from grind of wheel and  
lathe,  
In waters, blue and cool, to bathe,  
And two weeks of the summer  
spent  
In drowsy dreaming and content,  
And keeping fifty for the clock  
For making things and counting  
stock.

Away from hammer, press and  
wrench  
And flaming force and oily bench,  
To think of life and see it whole,  
Two weeks to be a living soul!  
To fish a stream, the woods to  
tramp  
To live as pygmies in a camp,  
With all the splendors round  
about:  
The walls of factories shut out.

'Tis plain the good Lord under-  
stood  
That time of toll all mortals would:  
That by and by all men would  
need  
From care's exactions to be freed,  
And so he fashioned shore and  
stream,  
Where man could slip away to  
dream,  
And woods and hills and charms  
sublime  
To glorify vacation time.

fuel for things requiring  
power. Man would be freer  
than the birds.  
And he would doubtless  
like his new freedom — at  
first. Eventually he might  
be terribly bored. And bore-  
dom, to the normal person,  
is worse than work.

## PRESSURE IS A FINE THING

Unfortunately "pressure  
group" has become an ugly  
term in American politics.  
People confuse "pressure  
groups" with "lobbyists"  
and lobbyists are an ugly  
thing. Lobbyists work right  
in the halls of Congress, and  
by fair means and foul, try  
to persuade, cajole, and  
bribe our representatives to  
vote for their special inter-  
ests. Pressure groups, on  
the other hand, are people  
who, right in their commu-  
nities, unite in a common  
cause and influence Con-  
gress by the power of their  
numbers.

This is one of the health-  
iest signs of our democracy.  
It means the voice of the  
people is listened to. There  
is, therefore, no stigma  
about belonging to a pres-  
sure group. Quite the oppo-  
site. It is the solemn respon-  
sibility of each citizen to  
join whatever pressure  
group most closely repre-  
sents his views—be it pro  
or anti a particular piece of  
legislation.

Each person owes it to the  
democracy in which he lives  
to make his views known.  
In former years, a single  
voice in a town meeting had  
an effect on government.  
Now, a single voice is lost in  
the general uproar. The  
voices that are heard above  
the uproar, and are heeded,  
are those of pressure groups.  
There are many crucial mat-  
ters which will be decided  
by Congress during this next  
fateful year. Our job is to  
decide what we want Con-  
gress to do about them and  
then join, or form, a pres-  
sure group in order that  
Congress will hear from us  
—in a big way.

## HIRAM JOHNSON

Hiram Johnson, who died  
recently at 79, may be more  
gratefully remembered for  
his services to California  
than for his achievements in  
the Senate at Washington.  
As a public spirited lawyer  
and governor, he destroyed  
a corrupt political machine  
and set California on the  
path of self-government.  
Any mistakes in the past 30  
years at the state's own not  
those made by bosses against  
whom the ordinary citizen  
could do nothing. It was this  
reforming record which  
made Theodore Roosevelt  
eager to have Johnson as his  
running-mate on the Bull  
Moose ticket in 1912.

The chief senatorial  
achievement of the old  
fighter was his vigorous con-  
tribution to the destruction  
of American hopes of enter-  
ing the League of Nations.  
While his attitude pleased  
many at the time, it has look-  
ed steadily worse ever  
since; and Johnson's antag-  
onism to the San Francisco  
Charter, while consistent,  
commanded little popular  
support. He had, however,  
the courage of his convic-  
tions, and however mistak-  
en he may have been at least  
he stood by his beliefs.

**IN THE PHILIPPINES** — Pvt.  
Athron A. Warren, 18, U. S. Army  
25th Infantry Division, is now  
serving on Luzon in the Philippines ac-  
cording to information received by  
his mother, Mrs. A. A. Warren  
Hubbard route three. Entering  
the service Dec. 6, 1944, he receiv-  
ed his basic training at Camp  
Walters, going overseas in June  
1945. He is a graduate of the  
Hubbard high school.

## Corsicana Couple To Have Four Sons Overseas Early Day

Mr. and Mrs. J. M. Robinson  
will have four sons overseas with-  
in a few days. Their youngest son,  
Cpl. Walter Herbert Robinson, quar-  
termaster's corps, Air Forces  
U. S. Army, telephoned his mother  
Tuesday afternoon from his base  
at Kearns, Utah, that he had been  
ordered for overseas duty.  
Sgt. Forrest Robinson, U. S. Ar-  
my Air Forces, is stationed on Saip-  
pan.

Mrs. Robinson received a letter  
this week that her other two sons  
recently spent a three-day furlough  
together at Nice, France. They  
are Cpl. Lee Robinson, U. S. Ar-  
my, stationed at Maseilles, France  
and S-Sgt. Johnnie Bob Robinson  
is in Augsburg, Germany, in the  
U. S. Army of Occupation.

## Plan Preserve For Big Horn Mountain Sheep In Texas

AUSTIN, Aug. 22. — (P) — The  
state school board has ap-  
proved application of the game,  
fish and oyster commission for  
purchasing at \$1 an acre of 3,412  
acres of public school lands in  
Hudspeth and Culberson counties  
as part of a 12,000-acre preserve  
for big horn mountain sheep.  
The preserve was authorized by  
the last legislature. The commis-  
sion may acquire remaining acre-  
age from private owners through  
special funds.

The land sold to the game com-  
mission has been leased for graz-  
ing at not less than five cents  
per acre.  
**Roy M'Brayer Named Assistant Cashier.**  
Roy M'Brayer has been elected  
as assistant cashier of the State  
National Bank by the board of di-  
rectors, N. Suttie Roberts, pres-  
ident, announced Wednesday.  
The new official was reared in  
Waco and attended Baylor Univer-  
sity. He had been employed by  
the Texas Power and Light Com-  
pany the past 16 years and was sta-  
tioned at Ennis for ten years prior  
to his transfer last year to Pale-  
stine.

His family consists of his wife and  
two small children. M'Brayer  
plans to move his family to Corsi-  
cana as soon as he is able to pro-  
cure a suitable residence.

## Announce Wedding Of Houston Girl and Lieut. V. H. Carraway

Mr. and Mrs. Joseph A. Collier  
of Houston announce the mar-  
riage of their daughter, Agnes  
Collier Gilcrease, to Vesta  
Henry Carraway, lieutenant in the  
U. S. Army. The wedding took  
place in Houston on August 18,  
and Lieut. and Mrs. Carraway  
will reside in Houston for the present.  
Lieut. Carraway recently re-  
turned from 17 months in the  
European Theater of Operations,  
and will receive re-assignment in  
Florida in 60 days.

Pfc. Walter V. Knight, 514th F.  
A., veteran of 15 months in the Eu-  
ropean Theater of Operations, ar-  
rived in New York Monday, ac-  
cording to information received by  
his wife, Mrs. Margie Knight, and  
baby daughter, Georgia Ann, 312  
North Twelfth street. He expects  
to reach Corsicana within the next  
few days.

Cpl. Claude Norman has return-  
ed to Frederick Army Air Field  
where he is stationed after spend-  
ing an eighteen-day furlough with  
his family at 1815 West Seventh.  
Cpl. Norman, inducted in April,  
1944, received his promotion to  
corporal on August 1.

Pfc. Edward G. McDaniel, un-  
til recently stationed in England  
with the Eighth Air Force, has  
been visiting his wife and daugh-  
ter, his mother, Mrs. G. W. Mc-  
Daniel, and other relatives and  
friends. Pfc. McDaniel, in the  
service three years, was overseas  
18 months. After a 30-day fur-  
lough, he returned to Fort Sam  
Houston and from there went to  
Sioux Falls, S. D.

A Kerens artilleryman, who re-  
paired vital telephone lines while  
under heavy Jap fire, has been  
awarded the Bronze Star for her-  
oic achievement.  
He is Pvt. Jack Kirkland, son  
of Mrs. Natalie Kirkland, and he  
left the comparative safety of his  
unit's position to crawl out and  
repair the lines. Private Kirk-  
land is well known in Corsicana  
and surrounding communities.

Pvt. Fred Coulson of the Eighth  
Air Force has returned to his  
states after 20 months of service  
in England. He enjoyed a 30-day  
furlough visit with his parents,  
Mr. and Mrs. H. B. Coulson, in  
Midlothian, and Mr. and Mrs. A.  
N. Brinkman and other relatives  
and friends in Corsicana.  
He returned August 18 to Fort  
Sam Houston and went from  
there to the reassembly center in  
Sioux Falls, S. D.

**WITH THE FIFTH ARMY, ITALY** — Pfc. Damon W. Williams,  
son of Mrs. G. W. Pope, 208  
North Eighth street, after  
bearing recently was awarded the  
Distinguished Unit Badge, with  
other members of his battalion  
for its conquest of Montefeltro  
Ridge, dominating height on the  
Gothic Line in Italy.

Sgt. Ken Sutton, overseas vet-  
eran, has wired his parents, Mr.  
and Mrs. Terry Sutton from Bos-  
ton that he expects to be home in  
a few days. Sgt. Sutton stated  
that he had just left Panama for  
the Pacific Theater of Operations  
when peace was declared and that  
they returned to Panama and were  
sent to Boston.

**FIFTEENTH AIR FORCE, ITALY** — T-Sgt. Walter W. Hedrick,  
son of Mr. and Mrs. Walter  
W. Hedrick, 1198 South Sev-  
enteenth street, Corsicana, is re-  
turning to the United States with  
his organization, the 52nd Fighter  
Bomber Group, 15th Air Force,  
P-51 Mustang Fighter outfit. An  
airplane maintenance technician  
with the Second Fighter Squadron  
Sgt. Hedrick has been overseas  
since September, 1942.

**ABOARD THE USS BLACK, OFF HONSHU** — Artie E. Drain, ship's ser-  
geant, third class, whose wife,  
Winnie, lives at Emporium, Texas,  
served in the crew of this ship  
when she became the first destroy-  
er to fire on Japan during the  
initial naval bombardment of the  
Japanese homeland.  
This action climaxed two years  
of Pacific fighting for the Black,  
which has participated in seven  
major campaigns.

**ASSEMBLY AREA COMMAND, FRANCE** — Cannoners of an eight-  
inch howitzer battalion which  
slammed over a thousand 200-pound  
high explosive shells into German  
positions in the Ruhr Pocket in  
one week last April, are being pro-  
cessed for direct redeployment to  
the Pacific at the Assembly Area  
Command's Camp Washington, near  
Lebanon.

Among the personnel of the unit  
is Lt. Albert B. Horn, Jr., son of  
Dr. and Mrs. A. B. Horn, 208 South  
Eighteenth street, Corsicana, Tex-  
as.

Walter Eckert Jr., has joined  
the Marines and reported to Dallas  
Saturday from where he is to  
leave soon to report for duty in  
California.

**ON FURLOUGH** — Pvt. James C.  
Verby has spent a 15-day furlough  
visit with his wife and son, Char-  
les, 1423 West Seventh Avenue. En-  
tering the service in March of this  
year, he was stationed at Ft. Sam  
Houston for three weeks, and was  
then sent to Ft. Bliss, where he  
will report for reassignment.

## Misses Bailey and Cox Hostesses For Shower For Bride

Misses Annie Bailey and Nona  
Cox were hostesses for a wedding  
shower honoring Mrs. O. D. Bailey,  
the former Miss Lena Jane Rus-  
sell, Friday evening at the home  
of Mrs. C. Verby.

The honoree received many use-  
ful and attractive gifts which were  
displayed for the guests to see.  
Refreshments consisting of ice  
cream and cookies were served by  
the hostesses to the following:  
Mrs. Will Russell, Mrs. Cuml Cox,  
Miss Lizzie Cox, Mrs. Buster Chan-  
dler, Mrs. Curtis Stokes and son,  
David Wayne, Mrs. Nona Allred,  
Mrs. Tom Cox, Mrs. Lee Bonner,  
Mrs. Lena McLeod, Mrs. D. G.  
Grimes, Mrs. Dances Cox, Mrs. Bes-  
sie Russell, Misses Jewel Cox, Jim-  
mie Cox, Eunice Bailey, Annie  
Bailey, Ruby Lee Standard, Nona  
Cox, Mrs. Mary Cox, Doris Wil-  
liams, all of Corsicana; Mrs. J. A.  
Bailey, Mrs. George Martin and  
son, George Albert, Mrs. R. E.  
Crumbley, Mrs. Edd Reed, Miss  
Myrtle Reed, Mrs. D. L. Bonner,  
Mrs. L. L. Bonner, Mrs. Tom Warr,  
Mrs. Burt Jones, Mrs. Henry Fra-  
zier, Misses Lorene and Frances  
Bonner, of Angus.

## Lt. Preston Conner And Wife Visiting In Simpson Home

Lieut. and Mrs. Preston E.  
Conner have returned from Colo-  
rado Springs, Colo., and are vis-  
iting in the home of Lt. Conner's  
niece and aunt, Mr. and Mrs. P.  
A. Simpson.  
Mrs. Conner was Miss Novelle  
Holder of Lubbock before her  
marriage to Lt. Conner at Love  
Field on August 9.  
Lieut. Conner, who will report  
to Miami Beach, Fla., on Aug. 26  
for re-assignment, returned re-

## Salt Tablets Help To Build Vitality

When you perspire freely and  
feel fatigued, drowsy or dizzy, the  
trouble may be due to a salt defi-  
ciency in your system.  
Home canners who are apt to be  
working all day now in hot  
kitchens, of people whose jobs  
keep them out of doors under  
scorching sun, are apt to lose salt  
faster than it is replaced by nor-  
mal food intake.  
How to make up the loss? Take  
salt tablets with water. Accord-  
ing to medical experiments con-  
ducted over the past few years, it  
has been proven that workers  
who take a 10-grain salt tablet  
four to eight times a day feel  
more alert and can stand up to  
their jobs better than those who  
drag through the day suffering  
from a salt deficiency.

## Pfc. Clifford Price Awarded Bronze Star

Pfc. Clifford O. Price, son of Mr.  
and Mrs. W. F. Price, 803 South  
Fourteenth street, has been award-  
ed the Bronze Star for heroic and  
meritorious achievement in battle  
on Iwo Jima. He has sent the med-  
al home to his mother.  
Private Price attended Corsicana  
High School and entered the ser-  
vice in May, 1942.

# Let's Untie The Hands Of Our Commissioners Court And Make Plans For Our Own Interests By Voting For The Re-Allocation Of Navarro County Funds

We all know the great handicap our Commissioners Court has been working under for many years whereby they had no authority to transfer funds from one department to another in order to meet the demands of the public, and to make both ends meet in financing urgent needs in the progress of our county.

By voting for the re-allocation of our county funds our Court will be authorized to transfer money from one fund to another so that various demands for various activities of the different important units of our County can be easier met than in the past.

In addition to aiding the Court with its intricate financial problems it is understood that by voting for the re-allocation of county fund that we might reduce taxes.

The following statement has been made by our County Judge, L. L. Powell, relative to the matter to be voted upon on Saturday, August 25th. After giving the subject much consideration Judge Powell said:

"If re-allocation is voted it would be possible, if the various rates were so balanced, to reduce the valuation to \$12,500,000.00 and produce the following: County at 80c rate, \$100,000.00; State at 72c rate, \$90,000.00—or a total of \$190,000.00 for County and State purposes. As compared with the present valuation and rate it would be a saving of \$47,095.00 to the tax payers.

"There is expected or asked of the county the following additional sums for next year: \$6,500.00 for the Navarro County Health Unit; \$5,500.00 for a county service officer, to assist returning veterans with their claims, and other small items to amount to about \$3,000.00—or a total of \$15,000.00—all to be paid out of the general fund of the county. The road and bridge fund needs additional revenues to replace worn out road equipment and to carry on a real improvement program after the War.

## "HOW WILL YOUR COUNTY FINANCIAL PROBLEM BE SOLVED?"

"A VOTE FOR RE-ALLOCATION means a possible reduction in your tax burden.

"A VOTE AGAINST RE-ALLOCATION means a sure increase in your tax burden. WHICH DO YOU PREFER?"

"There are two ways to raise sufficient funds to meet county needs: (1) Increase the county property valuations enough that the present rate will yield sufficient revenue, or (2) Re-allocate the rates of taxation between the different funds to produce enough revenue in the deficient funds. Your Commissioners Court put aside the first proposition, for as you raise our valuation, the State participates with their 72c rate and takes more money out of the county tax payers' pockets. Your Commissioners' Court has ordered an election held August 25, 1945, in order that the latter method might be used."

## Much Depends On Voters' Approval Of Re-Allocation

Continuance of the Navarro County Health department is certain in the event the re-allocation proposal is approved by the electorate of Navarro county in the election scheduled for Saturday, August 25, and a service officer to assist returning personnel from the armed forces with their various problems is another matter that hinges on the re-allocation program, according to L. L. Powell, county judge.

Judge Powell, in discussing the proposal, points out that the contributing charity organizations now providing \$5,000 toward the health unit have advised the commissioners that they do not plan to appropriate any funds for the health department for 1946. It has been pointed out that the assistance the past couple of years had been on an emergency basis and would not be continued next year.

The county judge estimates that the service officer and secretary, plus expenses, will require approximately \$5,000.

Under the present set-up there will not be sufficient revenues to care for these two additional items. Judge Powell points out, and unless additional revenues are provided, the court will be faced with the necessity of cutting them out, or in the alternative, reducing other paid appropriations to the same amount. The general fund is already in debt and it would be rather difficult to reduce any existing appropriations without seriously curtailing the effectiveness of other county departments that would necessarily be affected in the shuffling and paring of former appropriations.

## Long-Time Resident Of Ennis Died There On Last Tuesday

W. H. Money, aged 73 years, resident of Ennis for almost a half century, former resident of Rice, died at his home in Ennis Tuesday following a several weeks illness. He was born in Alabama and came to Rice in 1895, later moving to Ennis.

Surviving are his wife, five children, five step-children, a brother, a half-brother, a half-sister, a step-brother, a step-sister, seven grandchildren and eight step-grandchildren.

## Information From Navarro County Rationing Board

A survey of Navarro county clothing stores operating under MPR-586 will begin this week, according to W. A. Wright, chairman of the war price and rationing board. Department stores, men's furnishing stores, women's apparel shops, hat stores, sporting goods stores, baby shops and other establishments selling wearing apparel will be checked.

"Specifically, this survey is concerned with two things," Wright said. "First, to test the knowledge of the sellers of pricing procedures of MPR-586, and second, to check on certain articles that have set dollars and cents prices to see if they are actually being sold at ceiling."

"OPA slaughter quotas now in effect for all non-federally inspected plants are an essential part of the government program to provide better distribution of meat supplies," Secretary of Agriculture Clinton P. Anderson has notified war price and rationing boards.

"The present quotas will remain in effect and will be enforced for all slaughterers until those who meet the conditions of the Fairman amendment get special certification from the department of agriculture, permitting them to operate without quotas," Anderson said.

## Plan Participation In Corsicana Fair

Vocational agriculture teachers from the Corsicana district met Wednesday in the Chamber of Commerce offices to discuss participation in the annual Corsicana Agricultural and Livestock Show, September 18-22.

Plans were made to sponsor 12 vocational agriculture booths and to enter about 200 head of poultry, 30 Future Farmer calves and 20 Future Farmer hogs.

Those attending the meeting were Rex B. Cruise, Ennis; Roy Cloud, Krens; W. R. Gorman, Avalon; Ralph Page, Blooming Grove; W. J. Moore, Dawson; Roe Jackson, Frost; G. C. Williams, Wrenham; James Wester, Palmer; D. B. Osburn, State Home.

Lieut. (ig) and Mrs. Nelson Ross and daughter, Sarah Ann, have arrived from Portsmouth, Va., for a visit in the home of Mrs. Ross' parents, Mr. and Mrs. Louis Hashop.

## BIBLE'S FIRST LOVE STORY SURROUNDED BY ADVENTURES\*

Jacob's Devotion to Rachel Cost Him Time And Trouble—The Sore-eyed Older Sister Foisted on Him—Sharp Bargainers With The Father-in-Law—Wrestling Jacob

By WILLIAM T. ELLIS and EARL DOUGASS

Probably the oldest recorded love story in the world is that of Jacob and Rachel. It was a real romance, surrounded by difficulties and by plotting in-laws. The narrative highlights the career of that mixed and astute character, Jacob who had taken refuge from his powerful brother, Esau, in the family of his mother's people up in Haran.

Isaac, Jacob's father, had been content to let a servant choose a wife for him. Not so Jacob. He pursued his own love quest. In Haran he found lodgment with his uncle, Laban, who had two daughters, Leah and Rachel. Jacob's heart went out to the younger one, the beautiful Rachel.

Love Lightened Years But Laban was a shrewd bargainer: he insisted that Jacob should serve him seven years before he would give his daughter in marriage. One of the most beautiful passages in all the literature of love records: "And Jacob served seven years for Rachel; and they seemed unto him a few days, for the love he had to her."

In this day of hasty marriages the story of Jacob and Rachel is full of meaning. Any woman worth winning is worth waiting for. Many a lover in our own day is going through his seven years; and such a wooing never ends in a divorce court.

When seven years were up, Laban's family staged a great marriage feast, as is the custom, without the bride's showing herself. The next morning Jacob awoke to find that the eldest sister, Leah, the sore-eyed had been foisted upon him, instead of Rachel.

He went raging to Laban in protest, only to be coolly told by that old schemer that it was not the custom for the younger sister to be married before her elder sister. He agreed to let Jacob have Rachel, provided he would serve another seven years. Jacob consented, for his love was real and inextinguishable. The record carries on the story of Leah's vain attempts to win Jacob's heart; and of his constant love for Rachel.

Two Hard Bargainers At the end of fourteen years, Jacob confronted his father-in-law with his claims. The prosperity

with which Jehovah had blessed Jacob had been largely absorbed by Laban. Ten times he had changed his son-in-law's wages. Now Jacob demanded a showdown.

These two master bargainers agreed upon a division of the flocks and herds; and Jacob so maneuvered his care of them that the stronger and more numerous were marked for him. He grew rapidly richer and Laban poorer. At last they came to a parting; and with three days' leave, Jacob led his vast outfit, his numerous flocks and servants and sheep and cattle, out to the west, toward his home in Canaan.

Laban caught up with him after seven days, and the issue was talked out with angry recriminations. Laban had grown to fear this crafty husband of his two daughters; and he gave in.

At the parting they erected a memorial cairn, called Mispah, meaning "The Lord watch between me and thee, when we are absent one from the other." This quotation is commonly used as a message of trust and of prayer.

In the end, Jacob and Leah, real meaning could fairly be translated, "The Lord keep his eye on you when we part, and see that you do not resort to any more tricks."

Rid of Laban and his oppressions, Jacob now feared a greater danger. He must pass through the territory of the brother whom he had deeply wronged, and who doubtless had nursed his vengeance throughout these twenty years. Jacob was in danger of his life, and knew it.

He sent out spies, and emissaries bearing humbling gifts to appease his brother, who was approaching with four hundred men. In panic that prompted prayer, Jacob divided his people into two large companies. Even his family he divided into detachments.

All these measures of preparation reveal Jacob's deadly fear. The past was about to catch up with him. So the sins of youth haunt and hamper age.

Wrestling Jacob After his household had crossed the Jabbok, Jacob remained behind, alone, in the great loneliness of a responsible leader who must make life and death decisions. Then ensued the familiar scene of the night—long wrestling with an angel! It is a picture of every man's spiritual crisis, when old Past struggles with new Possibility; the conflict in a soul between one's higher and lower self.

This was Jacob's conversion. The old nature of the Supplinger gave way to the new identity of Israel, a prince with God.

It was a new Jacob who arose to meet his reconciled brother Esau; he called the spot Peniel, for there he had met God face to face.

SEVEN SENTENCE SERMONS An error gracefully acknowledged is a victory won. —Gascoigne.

Many men have been capable of doing a wise thing; more, a cunning thing; but very few a generous thing. —Pope.

So our lives In acts exemplary, not only win Ourselves good names, but do to others give Matter for virtuous deeds, by which we live. —George Chapman.

We take greater pains to persuade others we are happy than in endeavoring to think so ourselves. —Confucius.

Let us follow after things which make for peace. —Romans 14:19.

It's the song ye sing and the smile ye wear That's making the sun shine everywhere. —James Whitcomb Riley.

Reflect upon your present blessings, of which every man has many; not on your past misfortunes, of which all men have some. —Emerson.

The Sunday School Lesson for August 26 is, "Jacob Adjusts Personal Relationships"—Genesis 32:35.

Veteran Is Honor Guest At Picnic

Cpl. Lester Lee Harwell, veteran of 19 months service in the European Theatre of Operations, now home on furlough visiting his mother, Mrs. Jennie Harwell, 1431 West Collin, was honored with a picnic Thursday on the Bessie farm with 40 relatives and friends present.

Out-of-town guests included Mrs. C. L. Spencer, and sons, Benny and Jimmie, Houston, and Sgt. Jackie Bessie from Oklahoma.

The picnic lunch consisted of fried chicken and all accessories. Horseback riding proved popular with the guests. Several other affairs are being planned to honor Harwell prior to his departure for reassignment.

Mrs. L. I. Griffin left today for Baton Rouge, La., to visit in the home of her son, L. I. Griffin Jr. and young son, L. I. Griffin III who made his arrival two weeks ago.

## POPULAR UNIVERSITY OF TEXAS STUDENT FROM FROST DECLARES NAVARRO COUNTY STEAKS BEST

AUSTIN, Aug. 23.—(Spl.)—After eating bar-becued chicken with all the big-wigs at the Democratic convention last Saturday, Jimmie Allen, University of Texas student from Frost, still declares that the steak they raise in Navarro county is the best food in the world.

A b.m.o.c. (big man on campus) at the University, Jimmie is a great lover of foods as well as a public speaking enthusiast. In eloquent terms he can praise the glories of country sausage and molasses.

Debate Champ And with the same forceful language Jimmie can speak of the current issues of the day. He was a member of the debate team winning the Missouri Valley Debate Tournament last spring; this tournament is the largest one held in the nation.

This knack for saying things the right way helps him with his duties as president of Mica (Men's Independent Campus Organization). He'll be the top man for the 1,500 members whose things get underway this fall. Elected last spring, Jimmie will serve until July 1, 1946.

Important Prospects Under their new president's direction, Mica men are undertaking housing projects—investigating housing conditions, surveying the pay of the working students on and around the campus, conducting educational forums to consider present-day problems, and building up a scholarship fund for some Mica member in honor of all those former independent students who have died in this war.

Jimmie's University career began back in 1939 when he first enrolled for pre-law courses. He was made vice-president of the

Pre-Law Club and became a member of Townes Law Club (inactive at the present) when he entered Law School in 1942.

War came and Jimmie went. After more than a year in the medical branch, he re-enrolled at U.T. in July, 1944. A friendly guy with glasses and a grin, Jimmie will get his bachelor of arts degree at the end of this semester and his law degree next summer.

Many Activities But Mica doesn't take all of its president's time—far from it. He is also vice-president of the Hogg Debating Society, parliamentarian of the Ex-Servicemen's Association, and a member of the Varsity Debate Squad. On top of all that, Jimmie is a member of the governing board of the Texas Union, assistant executive secretary of the National Independent Students Association which takes in 54 colleges, and is a member of the University of Texas Bar Association.

Likes Sports Son of Mr. and Mrs. A. J. Allen, Jimmie likes the big outdoors. He plays baseball and likes to watch all sports. And as a V-J Day celebration, "his gang" scooped up to Marshall Ford Dam, 17 miles above Lake Austin, for a steak fry and picnic.

Nine hours of Spanish and law books seem to take up most of his spare moments. And for his worries, he just doesn't have any.

"I'm too busy letting others cry on my shoulder; I don't have time to think of any worries of my own. You know," he laughed, "I think I'd make a good judge."

Ensign Frenchie Huff has arrived from Norfolk, Va., for a visit in the home of his mother, Mrs. Beula Huff.

## Dawson Receives First Bale From 1945 Cotton Crop

DAWSON, Aug. 21.—(Spl.)—The first bale of the 1945 cotton crop arrived in Dawson late Monday.

The bale, weighing 525 pounds, was grown by H. L. Shaw on the Neomi Walsink farm seven miles southeast of Dawson. The first bale last year arrived on August 19.

The cotton was ginned by the Major Davis gin.

## Salt Water Found In Williams Test

The Elbert Williams test, Alle. Edens tract, near Angus, has been abandoned following the encountering of salt water at the 3250-foot level. It has been reported, and another test of the Woodbine is expected to be drilled in the same immediate vicinity. There was a definite showing of both oil and gas, local oil circles report. In the test.

Good Stain Remover. Stains that persist on washable clothing and household textiles may be moistened with lemon juice and salt and spread in the sun but use caution if fabric is colored.

## Let's Modernize Our State Supreme Court

## Vote for a NINE-MAN SUPREME COURT

August 25

(S.J.R. No. 8—Third Amendment on the Ballot)

because . . .

It will give a voice to all nine judges who now hear arguments and write opinions, but upon which only three are empowered to rule.

It will require a majority of five judges for court rulings, instead of two as at present. It will require five for a quorum, instead of the present two.

It will prevent the possibility of two judges handing down an opinion which might be entirely different to that held by one of the present three judges and all six of the court-appointed appeals commissioners.

It will enable the people of Texas to choose all of the men who serve on this court, with election of three each two years for six-year terms. Today one judge is elected each two years, with two Commissioners being appointed at the same time for six-year terms.

\* \* \*

Lawyers are urging their clients and friends to vote for this amendment. Because we believe the people should have the added efficiency which the action would provide for the court, we, the undersigned recommend the adoption of this nine-man supreme court amendment.

## END OF PACIFIC WAR BROUGHT SOLDIERS HOME FROM EUROPE

WASHINGTON, Aug. 23.—(P)—The war department said today that the end of the Pacific war "and not pressure brought by individuals" had made possible the early return of soldiers in Europe with high point scores.

The department issued a statement in which it said "an article in a Washington paper this morning indicated that the protests of some 3,000 men in the 29th Division in the European Theater had resulted in their being given an earlier date for return to the United States."

The department quoted from a telegram sent by Gen. George C. Marshall, chief of staff, to General Eisenhower and his aide in Europe on August 10 which told them that when Japan capitulated they were "immediately to reverse the priorities for movement of organizations and men to the United States. In general terms, first priority must go to men for demobilization, second priority to low score men requiring as replacements for zone of interior installations in U. S."

The ETO headquarters was advised that "in the interest of prompt return of the greatest number of people you should return those with a score of 75 or over, if necessary to fill available shipping."

## Stalin Announces Army Occupying All Manchuria

LONDON, Aug. 23.—(P)—Generalissimo Stalin announced tonight the Red army had occupied the whole of Manchuria.

Red troops have occupied a second island in the Kuriles, Paramushiro, just south of Shumushu which was taken by airborne troops yesterday, the broadcast order of the day announced, and the Japanese Kwantung army in Manchuria has ceased resistance and laid down its arms.

All of Sakhalin island, the southern half of which was held by Japan, also has been taken over by the Red army, Stalin disclosed.

**Gallagher and Morin  
Get Associated Press  
Foreign Appointments**

NEW YORK, Aug. 23.—(P)—Two important executive appointments in the Associated Press' European service were announced today by Kent Cooper, executive director.

Effective Sept. 1, J. W. Gallagher, now head of the Paris office, where he has been supervising operations in both France and Germany, becomes chief of bureau for Germany.

At the same time Reiman Morin, now assigned to Paris, becomes chief of bureau there, with supervision over news and news-photo services in France.

## SALONIKI PATRIOTS CALL FOR AUTONOMY MACEDONIAN AREA

By WILLIAM B. KING  
SALONIKA, Greece, Aug. 23.—(P)—Local patriots are reviving the old cry for autonomy for Macedonia, an ill-defined area in the heart of the troubled Balkans.

Macedonia, which had not enjoyed a National Sovereignty since the time of Alexander the Great, today is one of the greatest potential trouble spots in Europe.

The country is divided into three parts. It comprises a large part of northern Greece and southern Yugoslavia and a small section of Bulgaria. Gathered here are representatives of all the races and most of the hatreds and tensions which have kept the Balkan Peninsula upset for 60 years.

The autonomy campaign is in the open in Yugoslavia and Bulgaria and is underground in Greece.

Yugoslav Macedonia has been given a type of autonomy under Marshal Tito's framework of a federated Yugoslavia.

Greeks look on any effort toward an autonomous Macedonia as a threat to take from them the rich farmlands of the north upon which the whole National economy depends.

Far from listening to the demands, Greece probably will seek to extend her frontiers northward.

Bulgaria gave lip service to the autonomy principle during the war years when her troops occupied much of Greek and Yugoslav Macedonia. But the real intention of the occupation troops, it became evident, was to Bulgarize the whole area.

## CIO Union Alleges Lockout When War Plant Shuts Down

DALLAS, Aug. 23.—(P)—The regional War Labor Board at Dallas has ordered representatives of the Textile Corporation, Dallas and the United Steel Workers Union (CIO), who alleged a lockout by the company, to appear before the board tomorrow in a show cause hearing.

In telegrams sent to company and union representatives yesterday, A. Langley Coffey, board chairman, said in part:

"The board is advised the company's plant is shut down following cancellation of war contracts. Union representatives allege a lockout exists and further that the question should be handled under procedure outlined in the contract which was extended by an interim order of the national WLB Nov. 28, 1944."

Lieut. and Mrs. E. N. Conner were recent visitors in the home of Lieut. Conner's aunt, Mrs. P. A. Simpson. Lieut. Conner was en route from Monroe, La., where he has completed his training as navigator on a B-29, and was on route to Lincoln, Neb., where he will be stationed while his crew is being assembled.

## Blooming Grove BLOOMING GROVE, Aug. 23.—(P)—Capt. Jay L. Sewell returned home this week, after 27 months service in Africa and Italy. Capt. and Mrs. Sewell made a trip to San Angelo for a few days visit with her parents there.

Mrs. E. L. Brown is visiting relatives and friends for several days in East Texas.

It. Edgar J. Glenn is home from several months stay in the Southwest Pacific. After a month's leave he expects to be assigned to some U. S. camp.

Mr. and Mrs. White of Kerens are guests of his sister, Mrs. Elmer Brown, for a few days.

Mrs. Sam Carroll and little daughter, Caroline, returned Sunday from a hospital in Dallas. They are now with her parents, Mr. and Mrs. R. W. George.

Mrs. John E. Lee and twin daughters, June and Jane, of Roswell, N. M., spent the week with her parents, Mr. and Mrs. J. R. Griffin.

J. P. Johnston of Dallas was here for a few hours Monday.

Miss Betty Lou and Edith Elkins, students in NTSTC, spent the week end with their parents.

Miss Elsie Page returned this week from a visit with friends in Savannah, Ga.

Miss Cora Lee George and mother, Mrs. J. D. George, visited Mrs. Joe Spurlock in Athens this week.

Miss Cora Lee George and mother, Mrs. J. D. George, visited Mrs. Joe Spurlock in Athens this week.

## Gulf Coast Refiners Report Runs to Stills

HOUSTON, Aug. 23.—(P)—Gulf Coast Refiners Association reporting on operations of 11 operating Texas Gulf Coast independent refiners for the first half of August, 1945, indicates crude runs to stills totalling 124,170 barrels daily, which is at the rate of 38.3 per cent of present rated capacity. A year ago the group processed 123,253 barrels a day.

Stocks of all grades of gasoline and naphtha decreased during the first half of August by 319,396 barrels and were reported at 1,386,734 barrels. A year ago total gasoline stocks were 1,230,112 barrels.

Aviation gasoline stocks August 15 were 795,713 barrels indicating a small increase of 48,957 barrels from 746,756 barrels of Aug. 1.

Automotive gasoline stocks considered alone were 369,257 barrels on August 15, showing a decrease since August 1 of 27,423 barrels.

Total stocks of all products in the plants of the GCR group were reported at 2,702,827 barrels on August 15, showing a decrease of 939,318 barrels and reaching the lowest stocks position reported during the six years of reporting such statistics.

## HIGH POINT MEN MUST VOLUNTEER SERVE OVERSEAS

SAN ANTONIO, Aug. 23.—(P)—Enlisted men in the AAF Central Flying Training Command with an adjusted service rating score of 55 or more points will not be sent overseas unless they volunteer, authorities at Randolph Field said today.

The headquarters order also applies to men over 37 or under 19 years of age, it was stated.

Authorities at Randolph Field pointed out that this applies only to men who have not left their stations.

HOUSTON, Aug. 23.—(P)—Enlisted men in the AAF Central Flying Training Command with an adjusted service rating score of 55 or more will not be sent overseas unless they volunteer, authorities at the field have announced.

The 55 point score is 20 points lower than the lowest score announced by the war department for exemption from overseas duty for enlisted men.

Ellington Field authorities said the order applying to Ellington came in a telegram from the Central Flying Training Command at Randolph Field: that the 55 point score might be only temporary, and that the order did not necessarily apply at other army installations.

Washington there was no immediate war department comment on the Ellington announcement.

## "Victory Loan" Of \$11,000,000,000 To Be Opened Oct. 29

WASHINGTON, Aug. 23.—(P)—Selling date of the eighth and last war loan drive is October 29. This will be a "Victory Loan" of \$11,000,000,000, of which the government wants four billions to come from individuals, half in "E" Bonds.

Secretary of the treasury Vinson in announcing the loan last night, said:

"The cost of contract settlements, bringing our forces home, their mustering-out pay, hospitalization, care and rehabilitation will be great and will require large sums for which we must plan now."

Appealed to MacArthur.  
SAN FRANCISCO, Aug. 23.—(P)—Japanese imperial headquarters in Tokyo appealed to General MacArthur today to insure safety of the return flight of a plane carrying an imperial prince from a surrender mission to Saigon.

## Dresden DRESDEN, Aug. 23.—(P)—A light shower fell here about noon Sunday, but not enough to be of any benefit as it is very dry.

Billie, Margaret and Clovis Melton spent the past week in Tulsa, Okla., with their sisters, Mrs. Opal Sheffield and Mrs. Laura Gels.

Mr. and Mrs. J. G. Melton spent Sunday afternoon with Mr. and Mrs. Levi Shipman.

Jim Herring of Waco and Will Herring of Alliance Hall visited the E. B. Cagles Saturday afternoon.

Mrs. Ada Brister of Corsicana spent a few days last week with her son, N. S. Brister, and family.

Mr. and Mrs. Irvin Harrison of Mertons spent Friday of last week with Mr. and Mrs. H. S. Crawford and children.

Mrs. Gladys Melton and daughter, Dolores, and Miss Fern Sumner of Baytown spent last Wednesday night in the home of their parents, the J. H. Sumners.

Mrs. J. P. Jamison and son, Jerry, of Houston, are visiting in the home of her parents, Mr. and Mrs. A. L. Smith.

Mrs. J. D. Melton and baby of Frost spent last week with the Lloyd Morton and J. G. Melton families.

Rev. and Mrs. Durwood Lane and baby are spending the summer here with his parents, the Albert Lanes.

Mrs. E. C. McNeel and children of Corsicana, and Miss Tommie Payne McNeel of Waxahatchie spent last Saturday night with Mr. and Mrs. H. S. Crawford and family.

Miss Theresa LaJaun Furra is in Houston where she has employment.

Mrs. Ellis Yates and children, James Lee and Maudie Kate, spent last week in Lamesa with her parents, Mr. and Mrs. Luther Creel.

Mrs. Call and Barringer of Waco spent last week end here with R. L. Cunningham and Arthur Mobley.

Mr. and Mrs. Winston Knight and Martha Jane of Jones Ranch visited R. L. Cunningham Sunday afternoon.

## Women Are Promised Plenty Nylon Hose

WILMINGTON, Del., Aug. 23.—(P)—E. I. Du Pont de Nemours Company, swinging into large scale peacetime production, promises nylon-starved American women 11 pairs a year.

It won't be long, DuPont said, until we have what amounts to a nylon world. Through years of experience in putting the strong yarn to military uses, the textile industry has learned many new ways of handling the yarn.

DuPont said it can produce enough yarn to make 360,000,000 pairs of hosiery a year.

## Murder Charges Filed Against Trio Of Austin Youths

ATOKA, Okla., Aug. 23.—(P)—County Attorney W. H. Parker said he had filed murder charges today against three Austin, Texas, boys in connection with the slaying Monday night of McGraw E. Strecker, 20, Pittsburg, Kas.

Parker named the trio as Billy Slusser, 17; Omar Dixon Claunch, 14; and Ernest Entland, 15. Slusser is held in the county jail here.

The county attorney also announced he is preparing extradition papers for the Claunch and Entland boys, who have been held at Austin, since Texas officers picked them up at Round Rock, Texas Tuesday night.

Parker said he would mail the extradition request to the state capital at Oklahoma City for action. Strecker was slain after he picked up four hitchhikers, three boys and a girl, The girl, Ann Doser, 18, Oklahoma City, who was shot in the mouth, was moved from a McAlester, Okla., hospital to Oklahoma City.

PAW to Recommend  
October Production

WASHINGTON, Aug. 23.—(P)—The Petroleum Administration for War, recommending a 2,144,000 barrel September daily production rate of all petroleum liquids for Texas, said it would recommend production rates to states through October.

Thereafter, said the agency, state regulatory bodies will have had time to re-establish their normal peace-time channels of demand forecast.

The September recommendation for Texas compared with 2,356,000 in August.

## One Moment Please

By JAMES A. JOHNSON  
MINISTER  
WEST SIDE  
CHURCH OF CHRIST

My McPherson, standing under a large tabernacle before 4600 people, was sprinkling water on babies. She commented, "Some criticize, but I don't care whether this is a Scriptural foundation or not. It's a beautiful service."

Mrs. McPherson, the same as admitting that there is no Scriptural authority for infant sprinkling, expressed the usual attitude that it ought to be practiced because it is a beautiful service.

But no service in religion is beautiful that it is not taught in the Bible. Leviticus 10 relates how Nadab and Abihu were killed by Jehovah because they offered "strange fire which Jehovah commanded them not." If an act in religion be a "strange" act which God has not authorized, it is wrong.

"Whatsoever is not of faith is sin" (Rom. 14:23). "Faith cometh by hearing, and hearing by the word of God" (Rom. 10:17). For an act to be of faith, it must come from the word of God. An act which does not come from God's word is not of faith.

"Whatsoever is not of faith is sin." This "whatsoever" includes infant sprinkling and every other religious service which is not of God's word.

WEST SIDE  
Church Of Christ

## Social Revue

Pvt Christopher C. Daniels, son of Mrs. Loin McGraw of Corsicana, who has been a member of the U. S. armed forces since Aug. 1944, has recently arrived overseas and is now serving with a veteran quartermaster truck company of the air service command in Italy.

Mrs. R. F. Walker of Kerens was a guest of Mrs. Lloyd Kerr for the Style Show Luncheon at Kinsloe House on Wednesday.

Mrs. Emory L. Burden has arrived from Oceanview, Calif., and will visit in the home of her parents, Mr. and Mrs. B. L. Butler, while her husband RM 3-c Burden is at sea.

Lieut. and Mrs. W. R. Grant of Chicago, Ill., are guests in the home of Mr. and Mrs. Derward George. Lieut. Grant took his primary training at Corsicana Field in 1942. For the past twenty months he has been a German prisoner.

SK 3-c Bobby Butler left on Wednesday for Long Beach, Calif., where he will report for sea duty. Mrs. Butler will continue her visit in the home of her husband's parents, Mr. and Mrs. B. L. Butler.

Mrs. Eubene Milligan, Sam Frost, Walter McDaniel, Neil Brown, F. E. Whitlow, Ed Bounds, Misses Sybil June Carter and Maxine Brown of Richland and Mrs. John Webb of Streetman were in Corsicana on Wednesday to attend the Style Show luncheon at Kinsloe House.

Mr. and Mrs. James T. Foster returned from Hot Springs, Ark., during the week-end where Mr. Foster was discharged from the U. S. Army. He was in the National Guard four years before the units were mobilized in November, 1940, participated in Italian invasion and hostilities and was a German prisoner of war for 11 months before being liberated by the Russians. Foster held the rank of master sergeant at the time of his discharge.

Mr. and Mrs. R. T. Bailey and sons, Dudley and Kenneth, have returned from a vacation trip to Shreveport and Haynesville, La.

Mr. and Mrs. O. L. Albritton and son, Oliver, and C. C. Albritton of Dallas left on Tuesday for a vacation trip to Mexico City.

Miss Jo Ann Milican, assistant county home demonstration agent, is spending a week's vacation with her parents in Commerce.

## 15-Year Old Girl Severely Injured

Miss Bettie Ruth Watson, aged 15 years, received a badly cut left arm Wednesday night when she struck a display window glass in the Miles Furniture Co. store, corner West Sixth avenue and South Main street.

It was reported that the injured girl and friends were running across the street during a rain, and unable to stop on the wet sidewalk, put her hand to the stop with the attendant breaking of the glass.

Miss Watson was still at the Corsicana Hospital and Clinic Thursday morning.

Harve Travis, taxicab driver, parked nearby, witnessed the accident, rushed to the aid of the wounded girl, wrapped a handkerchief about the arm, cutting off the flow of blood, and rushed her to the Clinic.

Gets Twenty Years.  
BROWNWOOD, Aug. 23.—(AP)—Fred L. McFarland, 44, convicted of murder in the fatal stabbing here last July 15 of Pvt. Garland R. Powers, 31, was under a 20-year penitentiary sentence today.

A jury here convicted McFarland testified at his trial that he stabbed Powers because "he became between me and my wife."

## Texas Today

By JACK RUTLEDGE Associated Press Staff

Peace, it's wonderful! (Part three.)

Hardly skipping a beat, Texas has turned from killing Japs to killing time.

The same energy used in waging war is now turned to lesser things, to wit:

In Temple, "barking dogs bring protests from sleepy citizens" the Temple Telegram says in a headline. Dogs, says the paper, taken over the nights and hundreds of residents have protested to the police department. Police Chief Mackey McDougal, forlornly explains that he's on the spot—he can't just go around slaying pet poodles, urges people to tie them up at night and he'll take care of the strays.

Fort Worth wants to do something about eliminating wartime Congressman Lanham said "Standard time fits in with the economy of this section better" and gave his support to a movement to set clocks up one hour.

The Bryan police radio station KPBR will now announce the correct time every hour, on the hour. Down in Harlingen, the Rio Grande Flying Club is organized. Pilots from all air fields of the Lower Rio Grande Valley have been invited to join and stimulate aviation in the area. Between 75 and 100 planes were expected at the first meeting August 26.

H. McWhinney, rationing editor of the Houston Post, admitted that "we may find few occasions henceforth to write this department."

At Camp Bowie, two buildings were offered for sale.

Sulphur Springs zoomed as a sport in Dallas.

Wichita Falls had its attention diverted from black markets to green markets. A group of juveniles operated the business—selling green watermelons they had taken from the farm of W. F. Ernst near the Wichita river. He estimated 17 acres had been cleared of melons in two or three weeks.

The Valley Morning Star, Harlingen, devoted quite a bit of space to a piano. It was an antique and piano estimated to be 330 years old. It is owned by Mr. and Mrs. W. D. McWilliams of San Benito, and was made in London.

Texas, in short, is getting back to normal.

Sick and Convalescent  
P. and S. Hospital

Peggy Jane Spornitz is a medical patient.

Mr. and Mrs. T. L. McPherson are parents of a daughter born Thursday.

Clyde Wayne Bell of Cotulla underwent a tonsillectomy Thursday.

Bobby Don Brown of Emhouse is a medical patient.

J. W. Cobb of Angus is a medical patient.

Corsicana Hospital and Clinic  
Bain Gardner who suffered a sunstroke while at the Burdison and Rock Island Depot earlier in the week has been dismissed.

Air Field Personnel Honored  
ODessa, Tex., Aug. 23.—(AP)—Two thousand officers and enlisted men of the Midland Army Air Field and their guests were given a barbecue and dance here last night by the Odessa Chuck Waggon Gang.

The Chuck Waggon Gang is composed of Odessa business men who organized in 1940 and serve ranch style food at various functions at no charge for their services.

HEAVY INCREASE IN  
TEXAS CRIME SHOWS  
NEED OLD OFFICERS

AUSTIN, Aug. 30.—(AP)—A 25 per cent increase in Texas crime this year points to the immediate need of more police officers, says Homer Garrison, director of the department of public safety.

He was joined in a statement urging the discharge of soldiers and sailors who are also trained law enforcement officers, by E. A. Gormley of Dallas, president of the Texas Police Association and Sheriff Jess Carlier of Waxahatchie, president of the Texas Sheriffs Association.

"The army and navy can get along without these men, we cannot," said Garrison.

"The average police and sheriffs departments did not have adequate personnel in peacetime," said Gormley. "It will not be enough to get back the men in military service. Local action should be taken now to reinforce police manpower, to select good men and train them properly."

This was Carlier's view: "The sudden armistice with Japan found us at a nation unprepared for peace. There will be a terrific scramble for jobs during a frenzied reconversion period. Millions of people will be out of work at least temporarily. This is something that is going to happen next year. It's happening now."

To Demand 30 Per Cent Hike  
DETROIT, Aug. 23.—(AP)—The United Automobile Workers (CIO) said today that the union will demand a 30 per cent wage increase from the Ford Motor Company when contract negotiations are begun on September 24.

RAYBURN SAYS HE  
BELIEVES YOUNGER  
GENERATION TO WIN

SAN FRANCISCO—The landing of American occupation forces during the last week of August, will put the Allies into Japan as near as most of the war correspondents had figured it—two to four months ahead of schedule.

I left Manila about two months ago along with a lot of other correspondents who thought it was a good time to take home leave. Which proves that during war the best estimates and most careful plans aren't worth the powder in a knee mortar shell.

In mid-June you couldn't have convinced a hundred men in the Philippines that the war was almost over. We weren't even thinking about the end of the war. We were fretting about the invasion date for Japan.

The Pacific is full of correspondents who have come from half a dozen to 40 amphibious landings any they get pretty accurate at guessing an invasion date. And D-Day in Japan did not look very near.

We could see the bases being built on Luzon and Okinawa and elsewhere. Hospital sites, staging areas, airfields, infantry camps. A lot was being done in a hurry but the job was only starting. We counted and re-counted the number of divisions in the Pacific and they didn't add up to enough. We knew that the Japan show would take the biggest armada in history and it wasn't ready yet.

Finally we consulted our various sources of direct and indirect information. Most of them told us we could take home leave without missing the big show, providing we got back by mid-October, and so the correspondents who had

BONHAM, Aug. 23.—(AP)—Speaker Sam Rayburn of the house of representatives told the Rotary club in an address here yesterday he believed the young generation which won the war would come home and win the peace.

He said he had "more faith in the young folks in service than a lot of people."

Rayburn said he believed they would return from the armed forces willing to do their part in civilian life.

He advocated a hard peace for Japan and Germany and said he hoped the United States would not get "soft-hearted" as they did 25 years ago with a defeated Germany.

He said he had paid "an awful price" for our leniency then. He said he believed both enemy nations should be occupied until their desire for lasting peace was stamped out. He was optimistic in his predictions of post-war prosperity. He said he believed that civilian demands in the United States would be sufficient to keep industry busy for five to ten years.

Two cars were tagged for overtime parking at a meeting. A woman reported to police that a dress valued at \$16.95 was stolen from her parked car. Later an officer picked up a Mexican boy who had the dress. He was transferred to the county.

## Dateline: Pacific

By BONNIE WILEY

GUAM.—(AP)—Chief problem of Irving Berlin's all-soldier show, "This is the Army," in its two-year, 100,000-mile battlefront tour with a cast of 160, was replacement of wornout scenery and costumes.

Members of the cast entertaining here recently, prior to winding up the around-the-world tour in Honolulu, recounted some of the tribulations encountered by the singers, dancers, make-up men and electricians.

The replacement of costumes and scenery produced some humorous situations, such as one recounted by the costumer, Sgt. Joe Fretwell, of Miami Beach, Fla.

"You should have seen me in Rome," he grinned. "There I was out bargaining for new costume material and I couldn't speak a word of Italian. Prices were out of sight. It was quite a day."

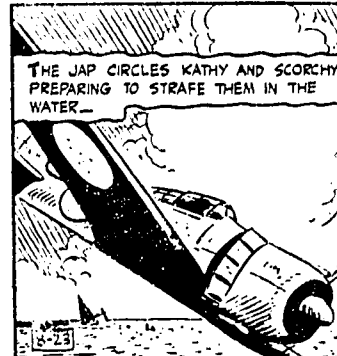

Sgt. Carmine Capuzzo, Brooklyn, whose job it is to keep wig in condition had his problems, too. "It," he sighed, "is sometimes quite a job, fixing up a husky soldier to look like a glamour girl. Quite a job, indeed."

Since leaving the states in October, 1942, the soldier troupers have given more than 900 performances in addition to making countless appearances in hospitals and before special groups.

After their first air raid in London, the soldiers entertainers became accustomed to "slight interruptions" during their acts, even going so far as to play one entire show (in Santa Marie, Italy) with no light except the flickering beams of flashlights.

## RECONVERSION

CONTINUED FROM FIRST PAGE  
Some washing machines by January. Electric fans by Christmas. Refrigerators off rationing by mid-October.

**Clothing to Return.**  
Unofficially, production men predict that the "mountains" of clothing and textiles would start their return to stores in perhaps two months.

Hand over fist buying — by housewives long starved of cotton garments, sheets and children's clothes — may delay the effect on some acutely scarce items, but not longer than the end of the year.

A war production board spokesman said few controls will continue over the textile industry.

But the textile industry still would like to keep some of the government protection.

Clothing manufacturers, for instance, want styling controls maintained down until they can get rid of garments already produced.

Everything Not Rosy.  
But not everything was rosy on the domestic scene.

First, farm leaders and federal officials saw signs of a possible land boom.

The rush into agriculture after World War I ruined many veterans and other farm buyers. It pushed prices too high.

Second, OPA said the present skimpy sugar rations will last through 1946, but a senate group began to plug for smaller shipments overseas.

The current ration of four pounds of sugar every four months will be continued for the remainder of the year.

OPA, announcing this formally today, said sugar stamps 38 in ration book 4, good for five pounds, will be validated Sept. 1 and remain good through Dec. 31.

The current stamp, 36, will not be good after August 31.

Not Being Validated.  
Stamp 37 is not being validated, OPA said, because many persons may mistake last year mailed 37 to local boards to obtain special ration allowances.

Third, a congressional inquiry was threatened — by Representative Brown (R-Ohio) — if the armed services do not release more doctors to care for civilian ill.

A full-fledged row between agencies sprang up on this question: Should postwar homes be under price ceilings?

Fearing sky-high prices on the first new homes, OPA says yes. Hugh Potter, the new construction co-ordinator, says No. A flood of new home building, he holds, would quench any inflation.

The deadlock may go to President Truman. A quick answer is imperative. Because while the agencies disagree, the government marks time on its program to take the wartime shackles off new home construction.

The WPB's general construction order—No. L-41—is the contro. In question. It ties permitted housing to an \$8,000 sales ceiling. OPA wants another ceiling to replace it.

Like Potter, WPB wants to shuck L-41 as quickly as possible. October 1 is named as the hoped-for date. Potter says: Perhaps sooner.

Besides houses, the order governs offices and store buildings, warehouses, schools, hotels and many other types of construction. Factories, mills and mines already have been removed from control.

WPB cleared its decks for action by relaxing its control over lumber yesterday and promising to eliminate control on the scarcest construction material by October 1.

**Parents of Son.**  
Mr. and Mrs. Leo Jones are the parents of a son, Clyde Edward Jones, born at Navarro Clinic on August 12. Grandparents of the new arrival are Mr. and Mrs. W. M. Jones of this city and Mr. and Mrs. R. W. Jones of Kerens.

**Announce Birth of Son.**  
Staff Sgt. and Mrs. Curtis D. Pike announce the arrival of a son, David Lynn, at the P. and S. Hospital August 18. He weighs eight pounds, four ounces. Grandparents of the baby are Mr. and Mrs. C. F. Carr and Mr. and Mrs. D. E. Pike all of Corsicana.

## TRUMAN

CONTINUED FROM FIRST PAGE  
away, joking with friends and reminding them he could outwalk any man aboard the ship.

This was not an idle boast as those who followed him on an inspection of the vessel learned. From the boiler room level to the highest control towers, the 61-year old Missourian led his party on a tour which left him puffing and exhausted.

"I'll make men out of you yet," he laughingly told reporters. He climbed the ladders with an agility which left correspondents pop-eyed, as did his knowledge of the machinery of the ship.

He chatted with sailors, ate with them and autographed anything they handed him. For those in sick bay, he brought cheering wishes for recovery.

Spends time at piano.  
The president always finds some time to spend at his piano. During the round trip to the conference, he would be heard at the piano in the admiral's cabin.

Hardly a day passed that he did not find the president strolling about the ship before 7 a. m., an ordinary seaman's cap cocked jauntily on his head. Members of his party knew they would have to be at the table by seven if they wanted to breakfast with him.

Immediately after the dishes were cleared away, the president went to work on whatever dispatches required his personal attention. Press Secretary Charles H. Ross once remarked that "the president had a day's work done by 9 o'clock."

## 4 AMENDMENTS AND 2 LOCAL ISSUES BE VOTED ON SATURDAY

ALL ELECTION JUDGES REQUESTED PHONE RESULTS TO DAILY SUN

Navarro countians will vote on four proposed amendments to the Constitution of Texas Saturday in addition to a couple of special or local elections. Apparently there will not be a great deal of interest in the election, based on only four absentee ballots being cast at the office of Mable Wilkinson, county clerk, before the deadline of Tuesday midnight was reached.

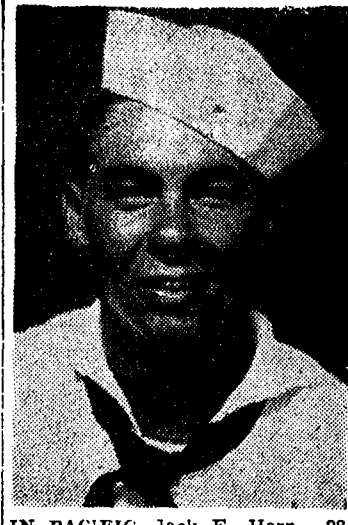

Election supplies to the precinct chairmen have been prepared and will be delivered not later than Friday night to the 46 precinct chairmen. Many had called for their boxes and supplies early Thursday afternoon. The polls will open at 8 a. m. and will close at 7 p. m.

Will Gather Returns. The Corsicana Daily Sun will gather and tabulate the returns of the election night and the results of the local and state elections will be posted on the door of the Sun building. All election officials have been requested by L. L. Powell, county judge, to telephone (collect) to the Sun as soon as the vote is available.

The four amendments are for or against soldiers, sailors, marines, merchant marine and maritime personnel being allowed to vote for a certain period without the payment of a poll tax, for or against the payment of members of the Texas legislature on a year-around basis, for or against changes in the pension legislation, and for or against increasing the members of the Texas Supreme Court from three to nine members—making the present six members of the commission the first members of the expanded court.

Re-Allocation. The re-allocation question for Navarro county tax levies is one of the special elections to be held Saturday and whether or not 2,385 acres of land across the new channel of Trinity river shall be detached from Navarro county and attached to Henderson county is the other.

Under the re-allocation proposition, the general fund levy can be raised from 25 to 40 cents, road and bridge from 15 to 20 cents, permanent improvement reduced from 25 to 5 cents, and jury levy reduced from 15 to 5 cents. The present levy, however, in the permanent improvement and jury funds are two and one-cents respectively. The re-allocation proposition holds for a six-year period under the legislation allowing such procedure, unless it

**IN PACIFIC**—Jack F. Horn, 22, seaman, second class, son of Mr. and Mrs. Guy H. Horn of Sweeny, Texas, is serving aboard the USS Lander somewhere in the Pacific. Horn lived in Navarro 17 years and attended Navarro High School. He has served at air stations throughout the United States during the more than two years he has been in the service.

is changed within a shorter period of time by a vote of the people of the county.

### Cemetery Meeting Called For Monday

A called meeting for the August chapter of the Hamilton-Beeman Cemetery Association has been announced for Monday, August 27, at 3:30 p. m. at the school house. Plans for a picnic will be made, and other business matters attended to. All members are urged to be present.

### Pfc. Damon Williams Awarded Medals For His Part In War

Pfc. Damon W. Williams, son of Mrs. George Pope, 208 North Eighth Street, has recently been awarded the Purple Heart, Bronze Star and Good Conduct Medal. Private Williams, a litter bearer, fought with the 363rd Infantry Regiment in the Florence-Bologna offensive in Italy. The regiment was a part of the 81st "Powder River" Division with General Mark Clark's Fifth Army.

Entering the service on December 31, 1943, Private Williams went overseas in July, 1944, and was wounded in Italy on April 18, 1945. He received his training at Camp Fannin and Fort Meade, Md., and is expected to return home in September. He was graduated from Emhouse High School.

## MUCH ACTIVITY TO BE INAUGURATED AT CORSICANA Y SOON

WILLIAM BACON HAS ASSUMED HIS DUTIES AS GENERAL SECRETARY

Corsicana's new "Y" secretary, an enthusiastic young man who grew up in New York and later adopted Texas as his home, has a handful of ideas for rejuvenating the YMCA program.

William Bacon, who hopes soon to be just plain Bill to the people of Corsicana, arrived in the city Monday to assume his duties and already has met a lot of folks around town.

Right now he is surveying the physical plant which he will direct calculating the needs of the boys and men of Corsicana and formulating a winter program to fill these needs.

"It's a bit early and I'm a bit new to say exactly what will be done," Bacon points out, "but I hope to have a physical activities program underway soon for the boys." There will be gym classes, of course, and later on an adequate program. In the spring, he anticipates a learn-to-swim campaign for boys, girls and women.

The women will not be neglected in the "Y" schedule. Physical culture classes are contemplated for them, too. "A little exercise makes us all feel better," the "Y" executive declares.

"There might be an opportunity also for mixed athletics," Bacon says. "A sort of weekly family night affair might be appealing, with badminton and other games for the couples."

Ex-Servicemen Program. A program for ex-servicemen, urged by the National Council, will be given especial emphasis. An ex-serviceman himself, the new secretary is well qualified to direct such a program with sympathy and understanding.

"The Youth Center here is a new type of activity which we will watch very closely with a great deal of interest, and one to which we will give our constant cooperation," he says.

Before these programs can get underway, a great deal of athletic equipment must be secured and repairs to the building will be made. A fulltime assistant also will be needed to help with the activities.

Native of New York. A native of Rochester, N. Y., Bacon later lived in St. Louis and attended Shurtleff College near there. He worked part-time at the "Y," was graduated in 1931 and went on to George William College in Chicago for post-graduate training as YMCA secretary.

His first "Y" work was in St. Louis and, then, in 1936 he came to the "Y" in Dallas, where he served four years as an assistant in the boys department. Down to San Antonio, the Alamo City, he went in 1940 as head of the boys department and director of the "Y" Camp near Hunt.

Served in Army. An interlude with the Army began in November, 1942, and after his discharge he went to Fort Worth to do community work with the "Y." He was serving in that capacity when he came to Corsicana.

Bacon's wife, the former Cecelia Holckamp of Comfort, was graduated from TSCW, Denton, and was connected with the Dallas YWCA when the two met. They have a daughter, Ann, almost three.

Returns to Fort Sam Houston. Lieut. Ralph Sawyer, overseas veteran, has returned to Fort Sam Houston for reassignment, after spending a 30-day leave with his mother, Mrs. Willie Sawyer, here. Lieut. Sawyer was wounded twice in action in Germany and was with the 104th Timber Wolf Division.

Sun Want Ads Bring Results.

**PROMOTION**—Clyde L. Combs, veteran of 32 months in the Pacific Theatre of operations, has been promoted from private first class to the rank of sergeant, according to information received by his parents, Mr. and Mrs. Tom Combs, Kerens route two. Receiving his training in Hawaii, Sgt. Combs has participated in many of the major engagements in the Pacific area including Guadalcanal, New Britain, Leyte, Luzon and Mindanao. He expects to arrive in the states at an early date.

## STATE DRIVER'S LICENSE LAW IS BEING ENFORCED

A campaign to enforce the state driver's license law in Corsicana is continuing during August, according to Chief of Police Bruce Nutt.

More than 50 motorists have been arrested and fined in the past two months of strict enforcement, Nutt said Tuesday morning.

Nine out of 10 motorists arrested for operating automobiles without licenses are stopped for other infractions of the law and investigation reveals they are not privileged to drive in Texas, Chief Nutt pointed out.

"Anyone who wishes to operate a car in this city must have a license or he will be arrested and fined," the chief declared.

## FRANK M. WHITE IS PROMOTED TO RANK OF MAJOR

HEADQUARTERS INDIA BURMA Air Service Command, Calcutta, India—Frank M. White of Corsicana, Texas, has been promoted to the rank of major at the India Burma Air Service Command Headquarters Calcutta, India. He is assigned to the Quartermasters section.

Major White was formerly employed by the Shroud-Dockum company. His wife, Mrs. Ethel L. White, lives at 212 North Fourteenth street.

Mr. and Mrs. Don B. Richey of Dallas are guests of Mr. and Mrs. James T. Foster.

## Plenty of Ethyl Gas

At Dixie stations, in fact, we have never been out of Ethyl. The quality is government specifications. We also have a large stock of sealed canned oil in many grades, including QUAKER STATE, PENNZOIL, MARCO, PENN, DIXIE, PENN, WINNIE, SUPER and others. Wholesale and retail customers solicited.

Motor Inn Service Station, Edgemoor Service Station, States Service Station, DIXIE OIL CO., T. C. Orr, Owner.

Independently Owned and Operated

## War's End Won't Halt Paper Drive September 1, 2, 3

Navarro county's next waste paper collection is scheduled for Sept. 1, 2 and 3, with Mrs. Elbert Walker as chairman and the Corsicana Day Nursery as beneficiary.

In calling attention to the collection, Mrs. Walker said on Friday: "The end of the war with Japan does not mean that continued salvage of paper will not be necessary. Government and industrial representatives who know point out that paper supplies will be critically short for the next two years at least."

It was emphasized by Mrs. Walker that after the war paper will not be needed for wrapping of bullets and other ammunition, but America must continue to supply her vast occupational force all over the world with food and medical supplies. In addition, she stressed, domestic supplies of paper for newsprint and wrapping are still at a critically low level.

Mrs. Walker is contacting leaders of the various communities of the county and enlisting their assistance in the county-wide undertaking and she is urging all individuals and organizations of both city and county to save their waste paper for donation to the collection that is scheduled for September 1, 2 and 3.

A successful collection will make possible many much-needed additions to the equipment of the hospital, and further increase its influence to the community and its children.

Mr. and Mrs. Archie Tinkle of Lake Jackson are visiting friends and relatives in Corsicana.

## PUBLIC HEARING ON SCHOOL BUDGET SCHEDULED AUG. 31

Public hearing on the school budget will be held Friday afternoon, August 31, at 5 o'clock, it has been announced by W. H. Norwood, superintendent. A special meeting of the school board will be held at that time for the consideration of the budget.

Tentative figures on the budget have been prepared and are now in the office of Superintendent Norwood, where any interested citizen may see them, it was stated.

## Pfc. Albert J. Bailey Arrives In New York

Pfc. Albert J. Bailey, U. S. Army, has telegraphed his parents, Mr. and Mrs. J. A. Bailey, of his landing in New York Sunday and that he would be home within a few days.

Pfc. Bailey has served overseas 19 months and entered the service Sept. 12, 1942. He served in England, France, Luxembourg and Germany. Pfc. Bailey graduated from Blooming Grove High school in 1940.

## SOLDIER VICTIM OF DROWNING BURIED AT WORTHAM MONDAY

WORTHAM, Aug. 21—(Sp.)—The body of Pfc. Cleo L. Bounds, 27, who was drowned in a river near El Paso, Texas, August 18th, reached Wortham by train at early Monday morning, accompanied by military escort.

Pfc. Bounds had recently returned from the Pacific war zone, after three years and one month in combat service. He is the son of Mr. and Mrs. Westley Bounds, and was born and reared in this community, and Navarro County.

Funeral rites were held at the Methodist Church Monday afternoon at 4 o'clock, conducted by the pastor, Rev. W. S. Fisher, assisted by Rev. Edgar Hubbard. Burial was in Wortham cemetery with military honors.

Immediate relatives surviving are the parents and one brother, in the service somewhere overseas.

Announce Arrival of Daughter. Mr. and Mrs. Will Hanhop announce the arrival of a daughter at the P. and S. Hospital on Monday morning, weighing eight pounds and three ounces.
